## Business Plan

- Generate continual sales growth using the Product Differentiation & Innovation Market Concentration and Service Excellence strategies.
- Emphasize the building of good relations and maintain key customers.
- Continually develop personnel know-how and skills as to be a solution provider for clients.
- Expand the company network through continually finding domestic and foreign business partners.
- Upgrade customer relationship and partner relationship management systems.
- Operate with good corporate governance and social responsibility.
- Increase the proportion of gross profit from Non-Freight / Non-Logistics businesses to at least 30–35%.
- Develop Green Logistics and EV Truck services to reduce customers' carbon emissions and promote sustainable logistics.

## Sustainable Development Plan

The Company realizes the importance of sustainable business growth, focusing on operating business with care and attention to the stakeholders, the economy, the society and the environment with morality, ethics and code of ethics. Significantly, the Corporate Governance and Sustainability Committee, and the Corporate Sustainability Working Group have driven the practical implementation in line with the policy framework, the business strategic goals, and the corporate sustainability.

The Company prepared and analyzed key sustainability issues related to the whole value chain of business by reviewing business strategies, risks, challenges, and activities in accordance with stakeholder expectations, covering economic, environmental, and social dimensions. In addition, the Company has also analyzed and prioritized the issues, by assessing the importance of the issues that have an impact on the Company and the level of stakeholders' expectations.

## Business Highlight

The company's core business is logistics services for international transportation both import and export by sea, air and rail with partnership agents in over 190 countries. The company also provides other services in support of end-to-end logistics.

## Performance and Analysis

## Business Performance Summary

In Q1/2026, the Company reported a total revenue of 313.9 MB an increase of 5% compared to Q4/2025. The Company experienced a positive impact from the increase in freight rates due to the Iran-US conflict during March. This positive impact is expected to continue for at least another 6 months within 2026, keeping freight rates at a high level. This provides the Company with an opportunity to maintain higher gross profit in line with the elevated freight rates. The Company achieved EBITDA growth in accordance with its announced Jump+ plan, with EBITDA in Q1/2026 amounting to 33.5 MB, compared to EBITDA of 30.2 MB in Q1/2025 and 13.3 MB in Q4/2025. The performance in Q1/2026, when compared to Q4/2025, showed an EBITDA growth rate of up to 153% and a Net Profit growth rate of 199%.
